

GLISER ODLIČNIH KARAKTERISTIKA I PERFORMANSI

SPEEDBOAT WITH EXCELLENT FEATURES AND PERFORMANCE

Na bazi dosadašnjih iskustava Quicksilver je stvorio jedan originalan proizvod za široku i univerzalnu namenu, odličnih mogućnosti i moćnog izgleda - gliser ACTIV 755 CRUISER.

Sa jedinstvenim izgledom, savršenom ergonomijom i kvalitetnom finalnom obradom Activ 755 Cruiser predstavlja pravi novitet koji se dugo čekao na našem tržištu. Ističe se svojom funkcionalnošću i korisno uređenim prostorom.

Sportska linija trupa sa visokim stranicama boka ukazuje na maritimne sposobnosti ovog glisera, koji je odličan za reke, mora i jezera, a sposoban je da prihvati i zahtevnije uslove plovidbe, jer na svojoj krmi ima snažan vanbrodski motor Mercury snage i do 300 konja.

Namenjen je, pre svega, za dnevna putovanja i za kraće vikend boravke na vodi, jer u duboko zaštićenom kokpitu sa lepo definisanim staklenim vetrobranima, obezbeđuje uvek suv i siguran prostor i u toku plovidbe, i na sidru.

Kada uđete u kabinu bićete impresionirani velikim staklenim površinama na bokovima i plafonu, jer na koju god stranu da se okrenete pruža se neverovatan pogled. Dupli ležaj u kabini je veliki i udoban i ima dosta korisnih prostora oko njega koji su praktično i lepo upakovani u stranicama trupa. Tu se nalazi i odvojeni prostor za manje kupatilo i toalet.

Paluba iznad kabine je dobila posebno dizajnersko rešenje sa lepo oblikovanim staklenim površinama po-

Based on their vast experience, Quicksilver has created an original product with a wide and universal purpose, characterised by excellent features and powerful appearance - speedboat ACTIV 755 CRUISER.

With unique appearance, perfect ergonomics and high-quality finishing works, Activ 755 Cruiser is a real novelty, long-awaited on our market. What makes it particularly stand out is functionality and good layout.

Sporty line of the hull with high sides indicates maritime qualities of this speedboat that is equally great for rivers, seas and lakes, but also capable of withstanding demanding conditions of navigation, due to a powerful Mercury outboard engine with output up to 300 hp.

The vessel is primarily intended for day trips and weekend getaways on the water, as the well-protected cockpit fitted with nicely shaped glass windshields always provides a dry and secure area, both when underway and at anchor.

When you enter the cabin, you will be impressed by the large windows on the sides and on the ceiling, because no matter which way you turn to- you will have an awesome view. Double berth in the cabin is large and comfortable with plenty of useful cabinets around it that are practical and well-fitted into the sides of the boat. There is also a separate area for a small head compartment.

The deck above the cabin is given a special design solution with beautifully shaped glass surfaces symmetrically positioned by the central secure non-slip teak surface.

stavljenim simetrično pored središnje, sigurne, protuklizne površine obložene tikovinom.

Skipersko mesto je vrhunski urađeno sa udobnim i sigurnim sedištem i sa veoma funkcionalnom komandnom tablom, koja je pregledna i u svakom momentu daje snažnu podršku skiperu.

Pored skipera je smešteno široko sedište kopilota za dve osobe, a tu je i prolaz do kabine i izlaz na prednju palubu. Ljubitelji otvorenog prostora oduševiče veliki k-

okpit sa ugaonom, komfornom klupom i stolom u sredini, baš ovaj prostor će mnoge naterati da ovaj brod postane njihov izbor. Opciono može da se dobije i kuhinjski set sa grilom i rashladnim komorama i za to ima mesta u ovom fenomenalno organizovanom i sigurnom prostoru kokpita.

Sve detaljne informacije o ovom gliseru možete dobiti od kompanije INTEH V, generalnog zastupnika za Quicksilver plovila i Mercury motore.

Helm's position is exceptionally well-equipped with a comfortable and safe seat behind a very functional instrument panel, which is well-organised and provides full support to the skipper at all times.

Besides the skipper there is a wide co-pilot's seat for two persons, and also the passageway to the cabin and exit to the bow deck. Open space enthusiasts will be delighted by a large cockpit with a comfortable corner bench and a

table in the middle, and this space will make many potential buyers choose this very boat. Optionally, a galley block with a grill and cooling chambers can be fitted in, as the layout of this vessel is so well-organised and safe that it can allow this addition.

Detailed information on the speedboat may be obtained from INTEH V, general representative for Quicksilver vessels and Mercury engines.
